

Hosting the Feast

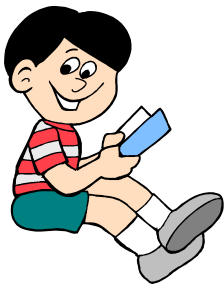

ASK!

Have you ever tried to host a Feast?
Its not as difficult as you might think!

Ask if you can have a turn at hosting the Feast.
Think of a theme: You could use 'Sacrifice'.

PLAN!

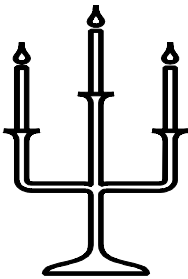

Kathryn [10], Corinne [9] and Abigail [14] hosted a Feast like this.

Everyone sacrificed the comfort of the furniture and sat on the floor.

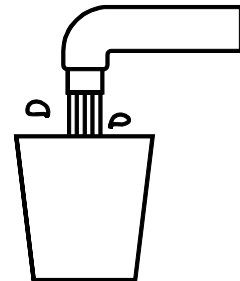

No electricity was used-- this was sacrificed and candles were used instead.

Everyone enjoyed having the Feast in candle light.

There were several short readings about sacrifice.

After the consultation the girls served the refreshments.

The food was dry bread and the drinks were water.

But everyone enjoyed them!

Lots of money was given to the Fund, which was a wonderful sacrifice as well.

After the refreshments there were some games, while everyone sat in a circle, on the floor, in the candlelight.
