

Dear Friends,

This issue is about the mystery of SACRIFICE. You will see how it is a natural law of both the material and spiritual worlds. Many people make sacrifices, but the greatest sacrifices of all have been made by the Manifestations of God for the sake of the ordinary people of the world.

At the back of this magazine are some letters and pictures that have been sent in by readers. I'm sorry it is quite a while since some of them were sent, but this is the first ordinary issue of Dayspring for over a year.

Now that Dayspring is back to normal it would be lovely if lots of you would get out your pencils and pens and write in for the next issue.

With love to all the children,
from Maggie
