

Song for Year 1, Lesson 10

Round about the world.

1. World is turning, World is turning,
2. Hearts are burning, Hearts are burning,
3. Bahá'u'lláh, Bahá'u'lláh,
4. We must work now for peace.

Instructions

Sing to the tune of "London' Burning", except that the last two words come down the scale (i.e. ray, doh).

When enough people singing, divide into groups and sing once through altogether, then: One group of people sings 1, then, while they sing 2, another group sings 1, and so on for up to four groups.

After first group have sung it 4 times they stop, but other groups continue up to line 4, so it gradually fades out at end.]

Learn the words and draw a nice coloured pattern round them.
